

CLEAR ARCH HOME

Clear Arch Health Remote Life Safety Solutions

Clear Arch HOME® is a Personal Emergency Response Systems (PERS) base-station hub with added Remote Life Safety (RLS) capabilities. The “help button” neck pendant, wristband, and optional Fall Button™ allows patients to feel safer around the home even without a landline phone.

Featuring two-way communication, 24/7/365 U.S.-based emergency monitoring and substantial battery backup, Clear Arch HOME increases peace of mind for care providers and independently living patients alike.

BENEFITS:

- At-Home Monitoring and Remote Life Safety
- Easy-to-Install, Easy-to-Use
- No Landline Required
- Full-Service Account Management

FEATURES:

- U.S.-based Emergency Response Operators
- Neck Pendant/Wristband “Help Button”
- Two-Way Communication
- Nationwide 4G LTE Cellular Coverage
- Battery Backup
- Optional Fall Button™
