

We Deliver Direct To You So You Can Deliver Better Care.

Clear Arch Health is dedicated to providing flexible options to meet the needs of your patients and help ensure your Remote Patient Monitoring program runs efficiently.

One of the many ways we achieve this is with Direct Ship. With our direct shipping services, Clear Arch Health manages all the details for you: From equipment warehousing and receiving, to shipping and door-to-door delivery. We can ship product bulk orders right to your facility for program deployment, or we can provision the equipment to ship directly to your patient.

We do the heavy lifting so you can spend more time on delivering quality patient care.

WITH DIRECT SHIP:

- We deliver the products right to your facility, or to your patient's doorsteps.
- We save you time and money by eliminating costly mistakes and shipping delays.
- We keep your patients smiling by getting them exactly what they need, when they need it.
- We provide users with easy-to-follow instructions and a simple process for returns.

Never worry about equipment delivery. We've got you covered.
